2. Civil Petition Results

Summary of requested petition	
Results	<p>Thank you for your interest in and participation in the military administration.</p> <p>Dogs can be raised as part of the livestock law, but dog meat is not included in "animal for food" such as cattle, pigs and chickens under the livestock law.</p> <p>There have been some dog-raising farms in our military, but most of the meat farmers are now either closed or will soon disappear due to the recent changes in people's consciousness and reduced consumption of dog soup.</p> <p>Some breeding farms have completed reporting of livestock manure discharge facilities and recycling of food waste, and there has been no illegal slaughter of dogs. We trained and guided the illegal slaughter of dogs and animal protection laws to the farmers.</p> <p>Even 10 years ago, there were some stores that sold dog meat in the traditional market in our county, but now most of them have not been found, so we changed or closed our business.</p> <p>Our county office is committed to the prevention, animal rescue, and protection of animals stipulated in the Animal Protection Act.</p> <p>We sincerely appreciate your interest in and participation in our armed forces.</p>
